

18 October 1983

MEMORANDUM FOR: Director of Public Affairs
FROM: Director of Central Intelligence
SUBJECT: Westminster Speech

1. Attached is a draft speech for the Churchill lecture series at Westminster College in Fulton, Missouri. I think I want to have it released and give it as wide circulation as possible. It should probably be made available to the press with a release date for the Sunday papers, 30 October. That means it should probably be made available to the press corps in Washington on Friday, 28 October.

2. Unless you hear from me, you can let it go as it is. If I fool with it slightly I will send changes by cable. Barring any significant changes in signals I will expect to be back in the office by noon on Friday, 28 October, but you should have it all ready to go then.

William J. Casey
